Mr. Sam Buckles
Environmental Scientist Manager
Forsyth County Recycling and Solid Waste Department
426 Canton Highway
Cumming, Georgia 30040

Subject: 2020 Forsyth County Air Quality Monitoring Report

Dear Mr. Buckles,

Please find enclosed one (1) copy of the 2020 Forsyth County Air Quality Monitoring Report. This report was transmitted electronically earlier this week as well. As discussed in Section II.B. of the August 7, 2020 Amendment to the Memorandum of Understanding between Forsyth County Board of Commissioners and the Georgia Environmental Protection Division (GA EPD), an annual report shall be due within 18 months after the station became operational for Hazardous Air Pollutants (HAPs). This sampling commenced on January 25, 2020.

The enclosed annual report includes the monitoring data collected from the continuous particulate matter monitor which became operational on October 1, 2019 through December 31, 2020 as well as the monitoring data collected for the identified HAPs. The report also includes an assessment conducted by the GA EPD Risk Assessment Program for the identified HAPs.

If you have any questions, please contact me at 470.524.0541 or deanna.oser@dnr.ga.gov.

Sincerely,

DeAnna G. Oser
Ambient Monitoring Program Manager
Air Protection Branch
Georgia Environmental Protection Division
