

CHAPTER EIGHT

ZONING AND APPLICATION PROCEDURES

ARTICLE I, APPLICATION OF REGULATIONS:

This chapter establishes the authority to amend this Code, including the zoning map, and establishes the appropriate procedures to do so. It specifies the application requirements and process for the following types of applications: amendments to the official text of this Code, amendments to the official zoning map/rezonings (hereafter only referred to as rezonings), conditional use permits (CUPs), home occupations, mobile vending, sketch plats, variances, appeals of administrative decisions, appeals of Zoning Board of Appeals decisions, and zoning condition amendments.

ARTICLE II, APPLICATION REQUIREMENTS:

The following requirements shall be submitted for all applications, unless otherwise specified in the text of this chapter. Additional requirements that vary per application type are delineated in Articles IV through X of this chapter. County initiated applications are exempt from these requirements, but shall otherwise follow all requirements of the Georgia Zoning Procedures Act. A summary of application requirements can be found in Table 8.1. An optional pre-application meeting may be requested by the applicant to discuss the general aspects of the proposal, the process, and information that will be required from the applicant in order to submit a complete application. Preliminary discussions are not binding on either the applicant or the county. This is often the first opportunity to review submittal requirements and procedures and is intended to assist in filing complete applications.

8-2.1 **Requirements for All Applications.** All applications specified in this chapter shall be submitted

on forms provided by the county and shall be submitted with the documentation required for each type of application. The director is hereby authorized to establish administrative deadlines for the receipt of applications and associated information in accordance with the provisions of this chapter.

- (A) **Form.** All applications shall be submitted using the appropriate application form per each application type, as specified by the department.
- (1) **Review of Application Completeness.** Upon submittal, each application shall be subjected to a Review of Application Completeness prior to being officially accepted by the county. An application shall be considered “complete” if it is submitted on the required form, includes all submittal information, including all exhibits specified by the director, and accompanied by the application processing fee as adopted by the Board of Commissioners and as may be revised periodically. The Review of Application Completeness shall be conducted by county staff within five (5) business days of the submittal deadline. If the county determines the application is complete, the application shall be processed pursuant to this chapter. If the county determines that the application is incomplete, county staff shall notify the applicant of that fact via the contact information provided and specify the ways in which the application is deficient. All incomplete applications shall receive no further processing until the deficiencies are corrected via a new submittal. Resubmittal of the application shall be treated as a new application. Under no circumstances may county staff delay conducting the Review of Application Completeness in excess of five (5) business days of the submittal deadline. If the Review of Application Completeness is not completed within five (5) business days of the submittal deadline, the application shall be determined complete.
- (B) **Submittal Fees.** All applications shall be submitted with the required fee. The amount of each fee will be established by the director, and approved by the Board of Commissioners, which may be revised periodically. Applicants may apply for more than one application simultaneously and such applications may be simultaneously considered by the county as more specifically provided by this chapter. In the case that more than one application is filed simultaneously, the applicant shall be responsible for filing the appropriate information and paying the specified fees for each application filed. All fees are nonrefundable once the application has been determined complete.
- (C) **Boundary Survey.** All applications shall be accompanied by ten (10) copies of a boundary survey prepared by a registered land surveyor, and one (1) copy of the boundary survey shall be reduced to a size of 8.5 inches by 11 inches.
- (D) **Legal Description.** All applications shall be accompanied by a written metes and bounds legal description. It must establish a point of beginning and from the point of beginning give each dimension

bounding the property, calling the directions (e.g. north, northeasterly, southerly, etc.) which the boundary follows around the property returning to the point of beginning. If there are multiple properties, all properties shall be combined into one legal description.

- (E) **Site Plan Minimum Requirements.** All applications shall be accompanied by ten (10) copies of a site plan and one (1) copy of the site plan reduced to a size of 8.5 inches by 11 inches. For applications for properties greater than 10 acres, the required site plan shall be prepared in full compliance with this subsection by a land surveyor, professional engineer, landscape architect or architect licensed to practice in the state of Georgia and shall be stamped and sealed by such stated professional in accord with Georgia law. The site plan so prepared may contain a disclaimer, as allowed by industry practice or applicable licensure requirements that the site plan is not to be considered an engineered document. For applications regarding properties of 10 acres or less, the site plan shall comply with the minimum information contents described in this subsection, but need not be prepared by a licensed professional as noted above. If details submitted on a site plan do not meet numerical requirements as identified in this Code, a specific variance request shall be included on the submitted application. Unless otherwise specified in the board approval, the site plan submitted as part of the application shall be considered binding on the applicant. Site plans submitted under the requirements of this chapter are not engineered, and as such the term 'binding' does not imply that it is site plan specific; rather it implies that the locations and/or uses are what the applicant intends to implement on the subject property. In any instance where the site plan conflicts with this Code, or any other county regulation, and there is not an approved variance, the regulation shall take precedent. The boundary of the site plan shall match the boundaries of the submitted boundary survey and the legal description. The site plan shall at minimum contain the following information (as applicable):
- (1) Proposed layout of streets, alleys, lots, and pedestrian circulation systems;
 - (2) Lot or tract dimensions with required setbacks shown;
 - (3) Required and proposed buffers;
 - (4) Required and proposed landscape areas, common areas, and open space;
 - (5) Proposed structures with square footages (except for single family residential subdivisions);
 - (6) Proposed uses for each structure (e.g. retail sales, offices, townhouses, etc.);
 - (7) Existing and proposed zoning districts of the subject property and abutting property;
 - (8) Proposed and existing location and use of all structures on the subject property;
 - (9) Existing and proposed right-of-way locations and dimensions and names of all roads and streets bounding the subject property;
 - (10) Driveways and parking areas with number of provided parking spaces;
 - (11) Loading and unloading facilities;
 - (12) Preliminary and existing locations of storm drainage and structures;
 - (13) Preliminary and existing locations and point of access for major utility lines (e.g. water, gas, electric, etc.);
 - (14) Preliminary and existing wastewater facilities including areas reserved for drain fields and septic tanks or point of access, sewer easements and manholes;
 - (15) Tax map/parcel number and owner name of subject property and all abutting property owners as shown on current county tax map records;
 - (16) Existing tree canopy (general location of existing canopy as indicated on the county GIS aerial photography); and
 - (17) Preliminary locations of environmental conditions (e.g. streams, wetlands, watershed protection districts, flood hazard areas, river corridor boundaries, groundwater recharge areas, etc.).
- (F) **Confirmation of Paid Taxes.** A copy of the paid tax receipt for subject property or a statement by an official in the Tax Commissioner's Office or other official document issued by the Tax Commissioner's Office indicating taxes have been paid for the last year that they were due.
- (G) **Additional Application Requirements.** Articles IV through IX of this Chapter identify additional application requirements per each type of application.
- (H) **Corporate/Company Disclosures.** All applications shall identify the name of the applicant and, if the applicant is different from the property owner, be accompanied by a duly executed owner authorization. If either the applicant or owner are corporations or limited liability companies, the application shall contain the names of the corporate stockholders with 10% ownership or greater, officers, and directors, unless the corporation has stock that is traded on a national stock exchange in which case the corporate name shall be sufficient. A limited liability company shall identify the name of all officers or members.

In addition to the owner and applicant, the application shall further identify any parties having a direct financial interest in the zoning application other than the owner and applicant (for instance, the intended developer or anticipated commercial occupant if known). If such additional parties having a direct financial interest are corporations or companies, then the names of corporate stockholders with 10% ownership or greater, officers, directors and company members shall be provided unless the corporation has stock that is traded on a national stock exchange in which case the corporate name shall be sufficient. In the event that public disclosure of the developer or commercial occupant may cause such developer or occupant to withdraw from pursuing a project due to competition, trade secret, or proprietary business concerns, and if the proposed development advances a bona fide economic development purpose, then an affidavit affirmatively declaring such shall be tendered with the application and in that event only the owner and or authorized applicant shall be identified. The affidavit contemplated in this paragraph shall only be valid for its intended purpose if it is also signed by a duly authorized representative of the Forsyth County Development Authority, Cumming/Forsyth County Chamber of Commerce, or the Forsyth County Manager, with such signature certifying that the pertinent individual is aware of the proposed development and confirms that the proposed development advances a bona fide economic development purpose. For purposes of this paragraph, a bona fide economic development purpose means a development that would be eligible for an inducement under section 22-260 of the Forsyth County Economic Development Ordinance.

8-2.2 **Withdrawal of Applications.** Applications as specified in this Chapter may be withdrawn in conformance with the following provisions or as specified in this Code:

- (A) **Applicant Withdrawal.** All applications may be withdrawn upon the written request of the applicant. Withdrawal requests received prior to the date that public notice is provided in a newspaper of general circulation may be withdrawn without prejudice, and shall be permitted to be withdrawn without prejudice. Once public notice is provided in the newspaper of general circulation, the application shall be withdrawn with prejudice. However, the applicant may withhold the written request for withdrawal until the public hearing, in which the board with jurisdiction may permit applications to be withdrawn at the public hearing, but the withdrawal shall be with prejudice unless extenuating circumstances are evident and the board grants approval to withdraw without prejudice. There shall be no requirement that the pertinent board make specific findings of extenuating circumstances in order to allow withdrawal without prejudice. In no event shall an application be withdrawn more than once without prejudicing the right of the applicant to apply again within twelve (12) months from the date the application was made.
- (B) **Administrative Withdrawal.** In order to remove applications that have been pending for more than one hundred and eighty (180) days after the application enters applicant work time without being placed on a public hearing agenda, the director is hereby authorized to administratively withdraw said applications. For purposes of this section, "being placed on a public hearing agenda" shall be deemed to occur on the date on which the department deems an application complete for board consideration. Documentation shall be kept on file indicating the department's attempts to contact the applicant via the contact information provided. All administratively withdrawn applications shall be considered withdrawn with prejudice.

8-2.3 **Reconsideration of Applications.** If an application is withdrawn with prejudice or denied by the Zoning Board of Appeals or Board of Commissioners, then the same property with a substantially similar application may not be submitted for reconsideration until the expiration of at least twelve (12) months immediately following the withdrawal at the Planning Commission public hearing or defeat of the application by the Zoning Board of Appeals or Board of Commissioners at their public hearing, as the case may be.

8-2.4 **Copies of Policies and Procedures, etc.** Copies of this chapter, and any rules of procedure adopted by the Planning Commission, Zoning Board of Appeals, or Board of Commissioners, shall be available for distribution to the general public by the department during regular business hours.

ARTICLE III, PUBLIC HEARINGS AND NOTICES FOR ALL APPLICATIONS:

8-3.1 **Public Hearing Required.** All applications as specified in this chapter shall require a public hearing prior to action on said application.

8-3.2 **Who Holds Hearings.** The Planning Commission, Zoning Board of Appeals, or Board of Commissioners shall hold a public hearing on all applications. The public hearing shall constitute the public hearing that is required by the State Zoning Procedures Law (*Title 36 of the Official Code of Georgia Annotated, sections 36-*

66-1 et seq.). All public hearings shall be heard in accordance with the annual schedule prepared for and adopted by each individual board, and as may be amended periodically. Public hearings shall be heard by:

- (A) **Planning Commission.** The Planning Commission is hereby designated as the board that shall hold a public hearing on applications to amend the text of this Code, rezoning applications, conditional use permits, home occupations, and mobile vending. The Planning Commission shall also hold the public hearing on all variance requests that were filed and scheduled to be considered simultaneously and pertaining to the same property with a rezoning, conditional use permit, home occupation application, or mobile vending application. Recommendations on approval or denial of variances shall be made in accordance with the provisions set forth in Article VI of this Chapter.
- (B) **Zoning Board of Appeals.** The Zoning Board of Appeals is hereby designated as the board that shall hold a public hearing on all appeals of administrative decisions and all variances; with the exception of variance requests that are approved administratively pursuant to 8-6.4(A); variance requests that would simultaneously apply to four (4) or more existing or proposed lots or units within a single subdivision; variance requests for undisturbed areas of separation as described in section 18-12.1 of this Code; or for variance requests that were filed and scheduled to be considered simultaneously and pertaining to the same property with another application in which the authority to hold the public hearing rests with either the Planning Commission or Board of Commissioners.
- (C) **Board of Commissioners.** The Board of Commissioners is hereby designated as the board that shall hold the second public hearing on all amendments to the text of this Code. The Board of Commissioners shall also hold public hearings on all sketch plat applications and all variance applications that would simultaneously apply to four (4) or more existing or proposed lots or units within a single subdivision that are not being simultaneously considered with a rezoning, or conditional use permit application. The Board of Commissioners shall also hold the public hearing for appeals of Zoning Board of Appeals decisions and zoning condition amendments. The Board of Commissioners shall also hold the public hearing on variance requests for undisturbed areas of separation as described in section 18-12.1 of this Code. Delegation of public hearings to the Planning Commission or Zoning Board of Appeals in no way abrogates the right of the Board of Commissioners to initiate and conduct, at its discretion, a public hearing for any application.

8-3.3 **Advertisement of Public Hearings.** Applications to amend the text of this Code shall be advertised in accordance with (A) and (B) of this section. All other applications shall be required to meet the following public hearing notice requirements:

- (A) **Preparation of Public Notice.** Notice of public hearings before the Planning Commission and the Zoning Board of Appeals shall be prepared and presented for publication by the director. Notice of public hearings before the Board of Commissioners shall be prepared and presented for publication by the county manager.
- (B) **Newspaper for Zoning Decisions.** All applications pertaining to zoning decisions as defined in O.C.G.A. 36-66-3(4) shall require a public hearing preceded by publication of a public hearing notice within a newspaper of general circulation in Forsyth County at least fifteen (15), but not more than forty-five (45) days prior to the date of the public hearing. All such notices shall include, with the exception of amending the text of this Code, the application number, date, time, location, and purpose of the public hearing. In addition, the following additional notice requirements shall be provided:
 - (1) Rezoning: Existing and proposed zoning classifications;
 - (2) Zoning Condition Amendments: Application number of which conditions are being requested to be modified;
 - (3) Conditional Use Permits: Proposed use and existing zoning district; and
 - (4) Variances in conjunction with a rezoning and/or conditional use permit: Proposed Code provisions requested to be modified. Each article of this Code requested to be varied shall be separately identified.
- (B.1) **Newspaper for Hearings before Quasi-Judicial Officers, Boards, or Agencies.** All applications before quasi-judicial officers, board, or agencies as defined in O.C.G.A. 36-66-3(1.1), shall require a public hearing preceded by publication of a public hearing notice within a newspaper of general circulation in Forsyth County at least thirty (30) days prior to the date of the public hearing. Such notices shall include the application number, date, time, location, and purpose of the public hearing. In addition, the following additional notice requirements shall be provided:
 - (1) Home Occupation applications, Mobile Vending applications, and Sketch Plats: Proposed use and existing zoning district;

- (2) Variances: Proposed Code provisions requested to be modified. Each article of this Code requested to be varied shall be separately identified in all required notices;
 - (3) Appeals of Administrative Decisions: Purpose of the appeal; and,
 - (4) Appeals of Zoning Board of Appeals Decisions: Purpose of the appeal.
- (C) **Public Hearing Sign(s) for Zoning Decisions.** Public Hearing signs related to zoning decisions as defined in O.C.G.A. 36-66-3(4) shall comply with the following procedures.
- (1) A public hearing sign shall be placed in a conspicuous location on the subject property at least twenty-one (21), but not more than forty-five (45) days prior to the date of the scheduled hearing. The required sign shall state the time, place and purpose of the public hearing.
 - (2) A sign affidavit shall be submitted to the department no later than the twenty-first day prior to the date of the scheduled hearing. Failure to turn in the sign affidavit by this deadline shall require an additional Zoning Review meeting for rezoning and conditional use permit applicants.
 - (3) Where the land owned by the applicant does not border upon a public road in order that a passersby may see the sign which provides the public notice, the required sign shall be placed on the right-of-way of a public road nearest the property in question as well as upon the subject property.
 - (4) Acts of vandalism or natural occurrences which may diminish the effectiveness of the public notice provided shall not void any proceedings or actions taken by any of the three boards or the director.
 - (5) Once the Board of Commissioners has made a final decision upon any application requiring a public hearing, the applicant shall be responsible for the removal of all public hearing signs. Failure to do so will result in a fine of one hundred dollars (\$100) per day until the sign(s) are removed. Calculation of the fine shall begin three (3) days after the motion to act on the application or the date the application is withdrawn.
- (C.1) **Public Hearing Sign(s) for Hearings before Quasi-Judicial officers, boards, or agencies.** Public Hearing signs related to hearings before quasi-judicial officers, board, or agencies as defined in O.C.G.A. 36-66-3(1.1) shall comply with the following procedures.
- (1) A public hearing sign shall be placed in a conspicuous location on the subject property at least thirty (30) days prior to the date of the scheduled hearing. The required sign shall state the time, place and purpose of the public hearing.
 - (2) A sign affidavit shall be submitted to the department no later than the twenty-first day prior to the date of the scheduled hearing. Failure to turn in the sign affidavit by this deadline shall require an additional Zoning Review meeting for sketch plat, home occupation, and mobile vending applicants.
 - (3) Where the land owned by the applicant does not border upon a public road in order that a passersby may see the sign which provides the public notice, the required sign shall be placed on the right-of-way of a public road nearest the property in question as well as upon the subject property.
 - (4) Acts of vandalism or natural occurrences which may diminish the effectiveness of the public notice provided shall not void any proceedings or actions taken by any of the three boards or the director.
 - (5) Once the Zoning Board of Appeals, Planning Commission, or Board of Commissioners, as applicable, has made a final decision upon any application requiring a public hearing, the applicant shall be responsible for the removal of all public hearing signs. Failure to do so will result in a fine of one hundred dollars (\$100) per day until the sign(s) are removed. Calculation of the fine shall begin three (3) days after the motion to act on the application or the date the application is withdrawn.
- (D) **Mailed Notice.** Pursuant to O.C.G.A. § 36-66-4(g), at least thirty (30) days prior to the required public hearing for variances, sketch plats, home occupation, appeals of administrative decisions, appeals of Zoning Board of Appeals decisions, and mobile vending applications, the director shall cause a notice of hearing to be mailed to the owner whose property or interest is the subject of such hearing, as applicable.
- (E) **Alternate Design.** Public hearings regarding Alternate Designs, as provided in Chapters 12 and 21, shall be noticed and advertised in accord with section 8-3.3 (B.1), (C.1), and (D). The conduct of public hearings for Alternate Designs shall be in accordance with section 8-3.4, as applicable.
- (F) **Additional Information.** The director may request additional information regarding public notice if said information is deemed necessary to help the public understand the application request.

8-3.4 **Conduct of Public Hearings and Procedures for Considering Applications.** The following procedures shall govern public hearings held for purposes of considering applications as specified in this Chapter.

- (A) **Presiding officer.** The public hearing shall be conducted by the presiding officer. The presiding officer shall be the Chairman, or in the Chairman's absence, a designated member of the body hearing the request according to each board's rules and procedures.
- (B) **Requirements for speakers.** Persons wishing to speak in support (including applicant and designated spokesperson) or opposition to any application shall provide their name and address on the specified form to county staff prior to speaking at the public hearing. In addition, each person shall be required to disclose any campaign contributions/gifts equal to or greater than \$100 given to any Forsyth County elected official within two (2) years of the public hearing date.
- (C) **Time limits.** Speakers at the public hearing shall be allowed no less than ten (10) minutes per side for the presentation of data, evidence and opinions, provided, however, that the presiding officer may at his or her discretion elect to extend this time period equally to proponents and opponents. The presiding officer may also, at his or her discretion, permit presentations by other persons and allow the same to exceed the allotted times.
- (D) **Actions made in public.** Any recommendation, finding, decision, or other action taken by the Planning Commission, Zoning Board of Appeals, or Board of Commissioners will be made in public, at the time of the public hearing or at the time said application is continued or deferred for future consideration at a regular meeting of the respective body; provided, however, that an application may be tabled only by the Board of Commissioners.
- (E) **Effect of Board Decisions.** All findings, or other action of the Planning Commission regarding applications for rezoning and conditional use permits, shall be in the form of recommendations to the Board of Commissioners. The findings and decision of the Zoning Board of Appeals shall be final unless a person aggrieved shall, within ten (10) days of such decision, petition the Board of Commissioners of Forsyth County to review the decision. All decisions by the Board of Commissioners shall be final, although an appeal of a Board decision may be made in conformance with Article XII of this Chapter.
- (F) Any property owner or developer, as is applicable, that is granted a rezoning, zoning condition amendment, or conditional use permit under this Code shall have eighteen (18) months to commence development based upon the provisions of this Code that existed at the time the rezoning application, zoning condition amendment application, or conditional use permit application was accepted by the County. This time period may be increased by the Director up to a maximum of five (5) years for projects over ten (10) acres within an industrial zoning district, upon a showing that development of the site is progressing at a reasonable pace in light of the existing physical and economic conditions as well as the complexity of the project. For purposes of this paragraph, the phrase "commence development" shall mean the application for and issuance of a land disturbance permit for a development that is authorized by the granted rezoning, zoning condition amendment, or conditional use permit. It is not the intention of this paragraph that the receipt of a permit unaccompanied by completion of the work authorized by the permit shall result in an entitlement to avoid future amendments to this Code. It is, rather, the intention of this Code that the application for and issuance of a land disturbance permit is part of a continuous and ongoing land development process. Expiration of the issued land disturbance permit anticipated in this paragraph, with the permitted work not having been completed, shall result in the property owner or developer, as is applicable, having to comply with that version of the Code that exists at the time of tendering any subsequent land disturbance permit application.

ARTICLE IV, AMENDING THE TEXT OF THIS CODE:

8-4.1 **Purpose and Intent.** The intent of this article is to specify provisions for amending the text of this Code.

8-4.2 **Authority to Amend.** The text of this Code may be amended from time to time only by the Board of Commissioners.

8-4.3 **Statement of Policy.** Amendments to this text will be made only if they bear a substantial relation to the public health, safety, morality or general welfare.

8-4.4 **Procedures.** Amending the text of this Code shall be made in accordance with the requirements of this Chapter or as specified by the director.

(A) **Public Hearing.** All applications to amend the text of this Code shall receive two public hearings in accordance with the provisions as set forth in Article III of this Chapter.

(1) **Planning Commission Recommendation.** The Planning Commission shall make a recommendation to the Board of Commissioners regarding amending the text of this Code. The

Planning Commission's recommendation shall be in the form of a motion for approval, approval with modifications, or denial. The Planning Commission shall strive to make a recommendation following the closure of the public hearing; however, the Planning Commission shall have thirty-one (31) days from the date of the public hearing to provide its recommendation to the Board of Commissioners. If the Planning Commission does not provide a recommendation within the thirty-one (31) days from the date of the public hearing, the department shall automatically schedule it for consideration by the Board of Commissioners without the benefit of a recommendation from the Planning Commission.

- (2) **Board of Commissioners Action.** Upon completion of the public hearing and recommendation by the Planning Commission, or upon expiration of the thirty-one (31) day time period allowed for the Planning Commission to provide a recommendation, all amendments to the text of this Code shall be scheduled for a second public hearing by the Board of Commissioners in accordance with Article III of this Chapter. The Board of Commissioners may return it to the Planning Commission or the department, or both, for further study, or it may approve it. In addition, the Board may approve it with modifications, or it may deny it. Notwithstanding any other provision of this Code, the Board of Commissioners shall have the authority to remove, add to, or edit proposed amendments to the text of this Code that have already been the subject of a recommendation by the Planning Commission without returning such modifications to the Planning Commission. In such an event, the Board of Commissioners shall determine whether an additional public hearing is warranted and, if so, may conduct such public hearing.
 - (a) **General Considerations for Decision.** The following items shall be considered when amending the text of this Code.
 - (i) Amendments to this text will be made only if they bear a rational relation to the public health, safety, morality or general welfare.
 - (3) **Board of Commissioner Decision.** Board of Commissioner approval to amend the text of this Code shall be in the form of a resolution or motion.

8-4.5 **Director's Responsibilities.** The director shall conduct a continued study of the needs of the county and shall, from time to time, prepare such modifications, revisions, or amendments to this Code, including the official zoning map and any adopted overlay district maps, as may be necessary to conform to the Comprehensive Plan, land use studies, major transportation plans, and other documents. The modifications, revisions, or amendments shall include such text providing definitions, specifications, and conditions as may be appropriate to the matter considered, as well as maps delineating any geographical changes. Submissions shall be made to Planning Commission and the Board of Commissioners.

ARTICLE V. REZONINGS, CONDITIONAL USE PERMITS, AND SKETCH PLATS:

8-5.1 **Purpose and Intent.** The intent of this article is to specify provisions for filing and consideration of rezonings; conditional use permits (CUP's), and sketch plats.

8-5.2 **Authority to Amend.** The official zoning map may be amended from time to time through the rezoning process only by the Board of Commissioners. The Board of Commissioners is also the designated decision making authority on granting conditional use permit, and sketch plat approvals.

8-5.3 **When Required.** All rezoning, conditional use permit, and sketch plat applications shall be required in accordance with the following specifications:

(A) **Rezonings.** Applications for rezonings shall be required when proposed land use or land development is not in conformance with the existing zoning district.

- (1) **Rezonings Not Permitted.** No rezoning shall be made nor accepted by the department involving a request to rezone to the following zoning districts:
 - (a) R1R
 - (b) CR1
 - (c) R1
 - (d) R2R
 - (e) R2
 - (f) R3
 - (g) R4
 - (h) LR
 - (i) OSR

- (j) PUD
- (k) CR2

No applications seeking to rezone property to any of the zoning districts above shall be accepted, but other public hearing applications and development permits within those districts shall be accepted. Requests for conservation subdivisions shall not be made nor accepted by the department.

- (2) **Rezoning Permitted.** Applications for rezoning may be filed for the following zoning districts:
 - (a) **Agricultural Districts:**
 - (i) A1—Agricultural District
 - (ii) Ag-Res—Agricultural Residential District
 - (b) **Residential Zoning Districts:**
 - (i) Res1—Single Family Residential District
 - (ii) Res2—Single Family Residential District
 - (iii) Res3—Single Family Residential District
 - (iv) Res4—Single Family Residential District
 - (v) Res6—Multi Family Residential District
 - (vi) MHP—Manufactured Home Park District
 - (c) **Commercial Zoning Districts:**
 - (i) BP—Business Park District
 - (ii) CBD—Commercial Business District
 - (iii) HB—Highway Business District
 - (iv) HC—Heavy Commercial District
 - (v) NS—Neighborhood Shopping District
 - (vi) O&I—Office and Institutional District
 - (vii) OR—Office Residential District
 - (viii) OCMS—Office Commercial Multiple Story
 - (ix) UV—Urban Village District
 - (d) **Industrial and Mining Districts:**
 - (i) M1—Restricted Industrial District
 - (ii) M2—Heavy Industrial District
 - (iii) Mine—Mining Operations District
 - (e) **Specialty Districts:**
 - (i) MPD—Master Planned District
 - (ii) MCD—Mixed-Use Center District
 - (iii) MRD—Mixed-Residential District
- (B) **Conditional Use Permits.** Applications for conditional use permits shall be required as specified in the Uses Permitted tables in this Code.
- (C) **Home Occupations.** Applications for home occupations shall be required in accordance with Chapter 8, Article X, and Chapter 16, Article III of this Code.
- (D) **Sketch Plats.** Applications for sketch plats afford the director and the Board of Commissioners an opportunity, prior to construction or build-out of a proposed development, to review a detailed site plan (“sketch plat”) of the proposed subdivision or land development in order to ensure development compliance with the Unified Development Code and all other county ordinances and regulations. The sketch plat process is also an opportunity to allow public participation with respect to those developments for which a sketch plat is required. All major subdivisions and any other land development requiring a permit for land disturbance, with the exception of development on M1 zoned property, that involves either a tract of land two (2) acres or more, or an area of disturbance two (2) acres or more, shall require the submission of a sketch plat to the director. Land development requiring a permit for land disturbance in M1 zoning districts that involves either a tract of land five (5) acres or more, or an area of disturbance five (5) acres or more, shall require the submission of a sketch plat to the director. However, it is not the intent of this Code to require an applicant who already has a site plan that was approved as part of a rezoning or conditional use application, to go through a public review process a second time for the same or substantially the same development. Accordingly, a sketch plat shall not be required for major subdivisions or said land development when the development proposal found by the director is substantially in accordance with the site plan on file in the department. Further, a sketch plat shall not be required if proposed land development is declared a targeted business or extraordinary project as defined and authorized by Section 22-256 of the County Code, and if the Board of Commissioners

ratifies this declaration and authorizes such development to be exempted from the sketch plat process. If a proposed sketch plat does not substantially conform to the site plan on file, or if there is no development plan on file for the subject property, then a sketch plat approval shall be required. Prior to the issuance of any permit for land disturbance, the Board of Commissioners shall hold a public hearing and must approve the sketch plat if required.

- (1) **Amendments to Approved Site Plans/Architectural Elevations/Sketch Plats.** The director is authorized to approve minor amendments to site plans, architectural elevations, and sketch plats. Minor amendments shall include, but are not limited to, adjusting residential lot lines, modifying the layout of internal roads to a subdivision, relocating open space, or applying architectural design standards that are equivalent to or more stringent than those previously approved. Any proposed amendment to a sketch plat that is determined by the director to constitute a public interest, that decreases the amount of open space by ten (10) percent or more, or that increases the density by ten (10) percent or more shall be deemed a major amendment. The relocation of an active amenities area from the interior to the exterior of the property or to a different location on the exterior of the property, reduction in minimum lot size, and change of proposed use shall constitute a major amendment. In addition, any proposed amendment that increases the amount of non-residential open display or outside storage by ten (10) percent or more shall constitute a major amendment. For all amendments to sketch plats determined to be major amendments, the Board of Commissioners shall be required to hold a public hearing, but such hearing shall be limited specifically to testimony regarding whether the proposed amendment should or should not be approved. The Board of Commissioners shall approve, conditionally approve, or deny the proposed major amendment to a sketch plat. Procedures for considering a major amendment to a sketch plat shall be the same as required for an initial application for sketch plat approval.

 - (c) Facilitate ongoing communication between the applicant, interested citizens and property owners, county staff and elected officials throughout the application review process;

If the Public Participation Report does not meet the criteria as set forth in section 8-5.4 (B) and (C) (1), then the application shall be considered incomplete and shall not be scheduled for a public hearing.
- (D) **Written Evaluation.** All rezoning and conditional use permit applications which involve ten (10) acres or more shall include a written evaluation of the proposed project that considers each of the following factors:

In addition to confirming ownership of the subject property, the title opinion shall also identify and provide copies of any covenants, deed restrictions and easements encumbering the property and shall further identify whether any of the identified covenants, deed restrictions and/or easements prohibit the use being sought by the application. The title opinion shall be rendered no more than 120 days prior to the original Application for Zoning Review.
- (G) **Sewage Disposal.** All rezoning and sketch plat applications shall identify and specifically describe a sewage disposal system that conforms to the requirements of this Code. If the project will be served by sewer, a pre-application meeting shall be required prior to submittal with the Forsyth County Water & Sewer Department and/or City of Cumming (whichever has jurisdiction) to identify the availability of sewer capacity and the location, connection and route of sewer lines. If applicant proposal relies upon future outlay of sewer, then a phasing plan shall be required that identifies: (1) how the project coincides or differs from the County Sewer Master Plan and (2) properties affected along the proposed sewer infrastructure, including showing proposed easements required for offsite sewer outfalls. County staff shall assess the implications of sewer access not anticipated by the County Sewer Master Plan, as per 8-5.5(F)(2)(b)(vii).
- (H) **Disclosure of Campaign Contributions and Gifts to Public Officials.** All rezoning, conditional use permit and sketch plat applications shall include disclosure, pursuant to the Forsyth County Code of Ethics (Forsyth County Resolution and Ordinance #77), of any campaign contributions and gifts equal to or greater than \$100 given to any Forsyth County elected official within two years of the application filing date.

8-5.5 **Procedures.** All rezonings, conditional use permits and sketch plats, not including county initiated applications, shall comply with the following procedures as set forth in this article.

- (A) **Application for Zoning Review.** All rezoning, conditional use permit and sketch plat applications require an Application for Zoning Review in conformance with the application requirements as set forth in section 8-5.4 of this Article. Each application will be subject to a Review of Application Completeness as specified in section 8-2.1 (A) (1). Upon acceptance of the application, the department shall schedule a Zoning Review Meeting for each application and forward all submittal information to other county staff for review and recommendations. The department will not accept revised or additional submittal materials unless requested by staff.
- (B) **Zoning Review Meeting.** County staff will be available to discuss the rezoning, conditional use permit and sketch plat application and will provide a staff review to inform the applicant of additional necessary requirements as well as to provide a recommendation about the proposed project. If the date, time and location of the required public participation meeting were not submitted with the public participation plan, they shall be submitted at the Zoning Review Meeting.
 - (1) **Staff Review and Recommendation.** At the Zoning Review Meeting, county staff will provide the applicant with a written document specifying the following:
 - (a) Applicability of county policies, plans and requirements as they apply to the proposed development;
 - (b) Appropriateness of the development with respect to the policies set forth in the Comprehensive Plan and the regulations in this Chapter;

 - (e) Any concerns or requirements related to the anticipated impact upon public rights-of-way and public improvements and appropriate requirements to mitigate those impacts;
 - (f) Any concerns related to land use and overall project design;
 - (g) Possible alternatives or modifications related to proposed application; and

- (h) Procedures that will need to be completed prior to the application moving forward for Board consideration.
 - (2) After the Zoning Review Meeting, the same written document will be available to the applicant and the public and will also be disseminated to the Planning Commission and the Board of Commissioners.
 - (3) The staff recommendations are intended to serve as a guide and to advise the applicant prior to the application moving forward for Board consideration of any issues that will or may subsequently be presented to the Planning Commission and Board of Commissioners. The information presented by county staff is intended to be used by the applicant during the Applicant Work Time to ensure the applicant is aware of all issues prior to a public hearing.
- (C) **Applicant Work Time.** Applicants who have received the Staff Review and Recommendation have a minimum of ten (10) days and a maximum of one hundred and eighty (180) days to submit application materials for rezonings, conditional use permits or sketch plats for board consideration including the finalization of any site plan details, full implementation of the required public participation plan and determination of all applicant proposed conditions. Finalization requires the submission of a complete and revised application prior to the expiration of the 180 day period established in Section 8-2.2(B). The Director may grant an extension because the application has not finalized the mandated Development of Regional Impact (DRI) review or is being delayed because of some other county, state or federal requirements.
- (1) **Duration.** The one hundred and eighty (180) day time frame automatically starts on the day after the Zoning Review Meeting and can end in one of the following six actions:
 - (a) Revised application materials are submitted prior to the expiration of the 180 day period;
 - (b) Applicant withdraws application without prejudice;
 - (c) Applicant initiates or is required to resubmit for an additional Zoning Review Meeting;
 - (d) Applicant initiates or is required to submit a new rezoning application due to a major application change(s);
 - (e) Applicant does not meet the specified requirements within the one hundred and eighty (180) days and the director administratively processes the application as withdrawn in accordance with section 8-2.2 (B); or
 - (f) Director grants an extension because the application has not finalized the mandated Development of Regional Impact (DRI) review or is being delayed because of some other county, state or federal requirements.
 - (2) **Implementation of Public Participation Plan.** The applicant shall implement the public participation plan only during the Applicant Work Time.
 - (a) **Public Participation Letter.** The applicant shall obtain a list of persons and subdivisions from the department at the Zoning Review Meeting. Each person on the provided list shall be sent the Public Participation Letter postmarked no earlier than the date of the Zoning Review Meeting. In addition, the applicant must ascertain if a homeowner's association exists for each listed subdivision, and if such associations have readily available contact information, according to instructions given to the applicant by the department at the Zoning Review Meeting. County staff will notify members on the official Interested Parties List as well as affected political jurisdictions and public agencies. At a minimum, the applicant will provide a Public Participation Letter in accordance with department procedures as outlined above, which is intended to encompass the following contacts:
 - (i) Adjacent or nearby residents or property owners within 500 feet of any part of the subject property;
 - (ii) Adjacent or nearby homeowner associations (HOAs) associated with identified subdivisions, if such associations have readily available contact information, within 500 feet of any part of the subject property.
 - (b) **Public Participation Sign.** The applicant shall obtain the Public Participation Sign from the department at the Zoning Review Meeting.
 - (i) **Content.** At a minimum, the sign shall include:
 - a) Application number;
 - b) Applicant name;
 - c) Contact information;
 - d) Proposed change in zoning and/or request for conditional use(s);

- e) Meeting date, time and location for the applicant sponsored Public Participation Meeting.
- (ii) **Posting Requirements.** The sign shall be posted on the subject property at least ten (10) days prior to the date of the public participation meeting. A public participation sign shall be placed on the subject property along where said property abuts every public right-of-way. If the subject property does not abut a public right-of-way, then placement of the sign shall be in accordance with 8-3.3(C). A signed affidavit with a dated photo of the sign placing said sign against a verifiable property landmark shall be submitted to the department within two (2) business days after the Zoning Review Meeting. Failure to submit the affidavit shall result in the public participation report being incomplete and the application shall not move forward for Board consideration until all posting requirements are met.
- (c) **Public Participation Meeting.** A public participation meeting shall be held in a location relatively near the subject property and shall be held no earlier than twelve (12) days after the Zoning Review Meeting and only during the Applicant Work Time. Meetings must occur Monday through Friday with a start time between 6:00 – 7:30 pm. The meeting location shall provide adequate parking and shelter that offers reasonable protection from the elements as well as appropriate lighting in order to accommodate the safety and comfort of anticipated attendees or if appropriate parking and shelter are provided on the site that may be used as an alternative. The meeting shall be announced by the public participation letter and the public participation sign. The applicant shall ensure that for any proposal involving a major subdivision or a minimum of 5,000 square feet of non-residential building space, the public participation meeting is audio and visual recorded so as to reasonably capture the discussions and presentation made at the meeting. The audio and video recording shall be tendered to the department with the Public Participation Report.
- (D) **Major Application Change.** During the Applicant Work Time, the county acknowledges that there may be various site plan and application changes that result from county staff comments, implementation of the public participation plan or through discussions with the various stakeholders. However, the department also has the responsibility to ensure that an application under review for Board consideration, including a site plan, is submitted in conformance with Chapter 8, Articles II, III and Article V of this Code. As such, this section defines the following situations as Major Application Changes that shall require a revised Application for Zoning Review and subsequent public participation meeting or a new application depending on the extent and nature of the proposed change(s).
 - (1) Any change in proposed zoning classification, which results in a more intense land use;
 - (2) Any change in method of sewage treatment;
 - (3) Any change in use or housing type;
 - (4) Any change in the boundary of the subject property (not including minor surveying inconsistencies);
 - (5) Adding variances or conditional uses;
 - (6) 10% or greater increase in the number of lots;
 - (7) 10% or greater increase in the density;
 - (8) 10% or greater decrease in the amount of open space; or
 - (9) As specified by the Director.
- (E) **Board Consideration.** All applications determined complete by the department that are ready to be placed on a public hearing agenda shall be subject to the following restrictions:
 - (1) **Applicant Changes.** Once an application is determined complete by the department for Board consideration, any changes to the application, including changes to the site plan or any other element of the application submittal, shall require that the application be remanded back to the Zoning Review Meeting stage of the application process described in sub-section (B) above and then proceed with the subsequent procedural steps accordingly.
 - (2) **Public Hearing Sign.** The applicant shall be required to replace the Public Participation Sign(s) with the Public Hearing Sign(s) on the subject property in such a manner as to ensure compliance with the notice requirements in section 8-3.3(C) for rezonings and conditional use permits, to include rezonings and conditional use permits accompanied by variances and conditions, and in accordance with notice requirements in section 8-3.3 (C.1) for sketch plats. The applicant shall be required to obtain the sign from the department and place the sign on the subject property in a timeframe as specified in department procedures.

- (3) **Scheduling of Public Hearing.** The department shall both advertise and schedule the application for a Public Hearing in accordance with the pertinent provisions in Article III of this Chapter, with signage and legal ads for rezoning and conditional use permits complying with section 8-3.3(B) and (C), and signage, legal ads, and letters for sketch plat applications complying with section 8-3.3(B.1), (C.1) and (D).
 - (4) **Staff Report.** County staff shall review each application in its entirety, finalize a Staff Report, and submit all necessary information to the Planning Commission and Board of Commissioners with sufficient time for board review prior to the Public Hearing. The Staff Report will be based upon the general considerations set forth in 8-5.5(F)(2)(a) and the special considerations set forth in 8-5.5(F)(2)(b).
- (F) **Public Hearing.** All rezoning, conditional use permit, and sketch plat applications shall receive a public hearing in accordance with the provisions as set forth in Article III of this Chapter. In addition, all home occupation permit and mobile vending applications that are required to go before the Planning Commission shall also receive a public hearing in accordance with Article III of this chapter.
- (1) **Planning Commission Recommendation.** The Planning Commission shall receive and review a complete submittal from the department which includes a completed application, site plan and all applicant proposed zoning conditions. The Planning Commission shall also receive from the department and review a completed Staff Report including an analysis, a recommendation, staff recommended zoning conditions as well as review and recommendation of all applicant recommended conditions. Therefore, the Planning Commission shall have all the information necessary to make a recommendation to the Board of Commissioners on all applications for rezonings and conditional use permits. The Planning Commission's recommendation to the Board of Commissioners shall be in the form of a motion for approval, approval with conditions or denial. Further, the Planning Commission may, in acting on said application, recommend a reduction of the land area for which the application is made, recommend a change in the proposed zoning district to a district that is no more intense than the one requested by the applicant, or recommend the addition or deletion of conditions or specifications of the application. The Planning Commission shall strive to make a recommendation on the application following the closure of the public hearing; however, the Planning Commission shall have until the next scheduled Planning Commission regular meeting or thirty-one (31) days from the date of the public hearing, whichever comes later, to provide its recommendation to the Board of Commissioners. If the Planning Commission does not provide a recommendation on rezoning and conditional use permit applications within this time frame from the date of the public hearing, the department shall automatically schedule the application for consideration by the Board of Commissioners without the benefit of a recommendation from the Planning Commission.
 - (2) **Board of Commissioners Action on Rezonings and Conditional Use Permits.** All applications for rezoning and conditional use permits shall be scheduled for consideration by the Board of Commissioners upon the completion of the public hearing and recommendation by the Planning Commission or upon expiration of the time period allowed for the Planning Commission to provide a recommendation. Before taking action on said applications, the Board of Commissioners shall consider the Planning Commission's recommendation, if any, the Staff Report and any application materials forwarded by the department to the Board. In addition, the Board of Commissioners may at its discretion recognize the applicant and consider information submitted by the applicant at the time the Board is considering the application. However, if the Board permits the applicant to provide testimony or to submit additional materials after the public hearing by the Planning Commission, in fairness to the public the Board of Commissioners should open the floor to comments or questions from the general public on the applicant's testimony or additional materials provided in support of the application. The Board of Commissioners may return the application to the Planning Commission or the department, or both, for further study or it may approve the application. In addition, the Board may approve the application with conditions or it may deny the application. Further, the Board may, in acting on said application, reduce the land area for which the application is made, change the zoning district to a district that is no more intense than the one requested by the applicant, add or delete conditions or specifications of the application, or allow the application to be withdrawn with or without prejudice. Notwithstanding 8-5.5(E)(1), and for residential zonings only, in the event the applicant requests that the Board approve a zoning district that is less intense than the one requested by the application, the applicant shall be required to

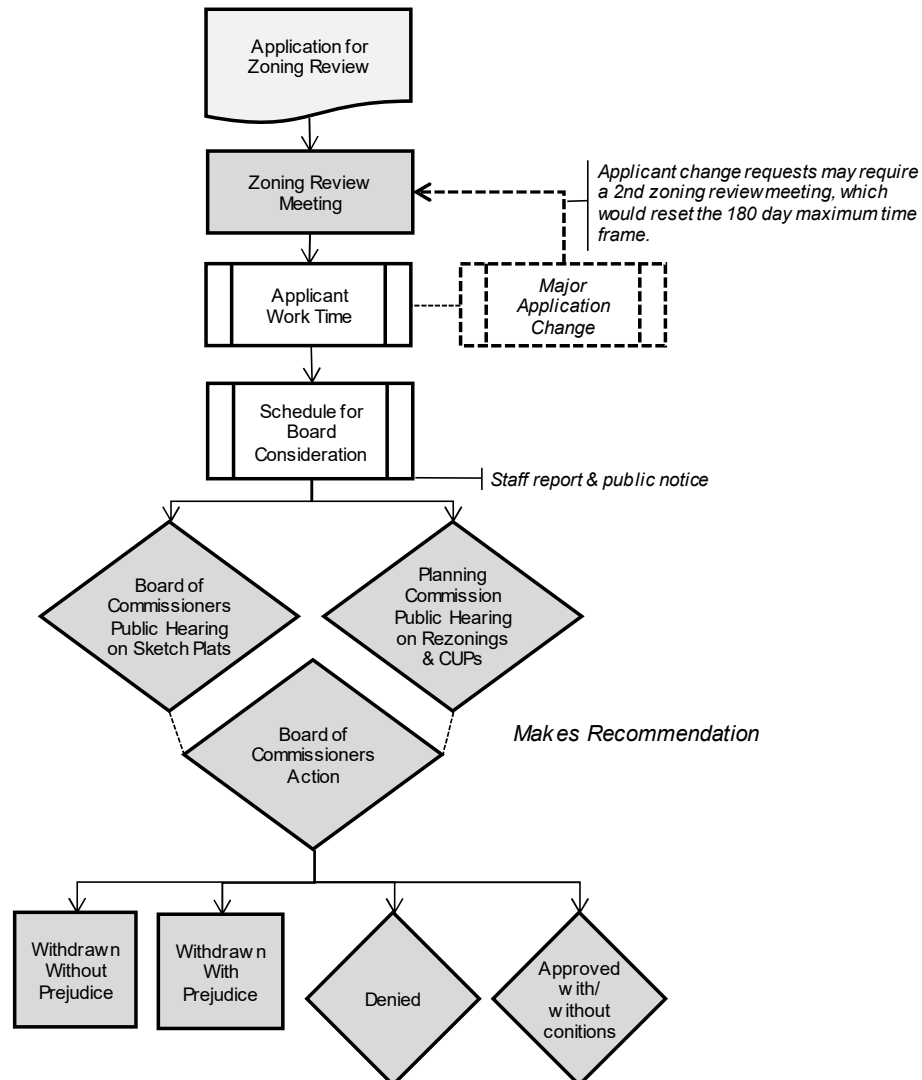

provide written notification of same to at least the same individuals and entities that were previously notified in accord with 8-5.5(C)(2)(a) and public participation attendees who provide legible addresses on the sign-in sheet. Such written notice must be provided at least fifteen (15) days prior to the application being considered by the Board for final action with evidence of such notification provided to the department.

- (a) **General Considerations for Decision.** The following items shall be considered for rezoning, and conditional use permit applications:
- (i) Requirements of this Code as they pertain to the level of detail included within the conceptual plan, the purpose of which is to give surrounding property owners notice of the use to which property would be put or zoning district requested, shall be strictly complied with;
 - (ii) The fact that there is already ample land in the requested classification shall not of itself justify denial or approval of an application for a change in zoning classification;
 - (iii) The mere fact that a certain zoning classification is in effect at the time property is acquired does not preclude the new owner from seeking a new classification;
 - (iv) No threat to the safety or morality of the citizens of the county shall be found to exist from a commercial development of land alone;
 - (v) The disposition of every rezoning shall be made on the facts applicable to that particular case, considering the merits of the land in question, the impact of a decision upon the landowner's property rights and the legitimate interests of the community.
 - (vi) Comprehensive Plan/future land use map:
 - a) Whether or not the applicant's proposal is in conformity with the policy and intent of the Forsyth County Comprehensive Plan;
 - b) Whether or not the applicant's proposal will permit a use that is suitable in view of the use and development of adjacent and nearby properties;
 - c) Whether or not the applicant's proposal will have an adverse affect on the usability of adjacent or nearby property;
 - d) Whether or not the applicant's proposal would result in a use that would cause an excessive or burdensome use of existing streets, transportation facilities, utilities or schools;
 - e) Whether or not there are existing and changing conditions affecting the use and development of the property, which give supporting grounds for approving the applicant's proposal.
- (b) **Special Considerations for Decision.** As appropriate, the following items shall be considered for rezoning and conditional use permit applications:
- (i) Land development plans, including projected densities;
 - (ii) Existing uses and zoning of nearby property:
 - a) Use and classifications of other property;
 - b) Effect upon residents of adjoining property.
 - (iii) Land values:
 - a) Impact of change on values of adjacent and nearby properties;
 - b) Opinions as to most advantageous use.
 - (iv) Roads and traffic:
 - a) Character of adjacent and boundary roads;
 - b) Intersections;
 - c) Planned development by public agencies;
 - d) Planned private developments;
 - e) Effect of increased traffic on safety.
 - (v) Rivers, streams and drainage:
 - a) Flood plains;
 - b) Soil erosion and sedimentation;
 - c) Protected areas;
 - d) Pollution of surface and sub-surface water.
 - (vi) Utilities:
 - a) Sewage disposal;
 - b) Water supply;

- c) Whether the proposed method of sewage treatment is consistent with the County Sewer Master Plan;
- d) Whether the proposed rezoning and proposed water usage is consistent with the County Water Master Plan;
- e) Whether the proposed rezoning is consistent with any and all regional agreements, e.g., regional water agreements and regional sewer agreements.
- (vii) Other special considerations:
 - a) Buffer zones;
 - b) Noise;
 - c) Odor;
 - d) Fire protection;
 - e) Terrain or topography;
 - f) Schools;
 - g) Animals;
 - h) Visual intrusions on neighbors;
 - i) Aesthetics;
 - j) Site plans and plats;
 - k) Lighting;
 - l) Hours of operation.
- (viii) The Planning Commission may recommend changes and the Board of Commissioners may make changes as they deem appropriate to any submission.
- (3) **Board of Commissioner Action on Sketch Plats.** All sketch plat applications shall be scheduled for public hearing in front of the Board of Commissioners and consideration will be without the benefit of a Planning Commission recommendation.
 - (a) **General Considerations for Decision.** The following criteria shall be utilized by the Board of Commissioners in determining whether a submitted sketch plat is acceptable:
 - (i) Whether the proposed development is in compliance with all pertinent sections of the Unified Development Code, including but not limited to densities, height restrictions, lot size, setbacks, buffers, roadway access, overlay districts, uses, streets and open spaces;
 - (ii) Whether the proposed development is in compliance with all other Forsyth County ordinances, codes and regulations, including but not limited to the Tree Preservation Ordinance (81), Soil Erosion and Sedimentation Ordinance (73), Storm Water Management Ordinance (75), Flood Damage Prevention Ordinance (55) and the Public Sewer System Ordinance (6);
 - (iii) Whether provision has been made for a water supply system that is compliant with pertinent county ordinances and regulations and is otherwise sufficient in terms of quantity, dependability and quality to provide an appropriate supply of water for the type of development proposed;
 - (iv) If a public sewage system is proposed, whether adequate provision has been made for such a system under pertinent county ordinances and regulations and, if other methods of sewage disposal are proposed including septic, that such systems comply with all pertinent federal, state and local laws and regulations;
 - (v) If the tendered sketch plat reveals areas deemed by the director to be unsuitable for development due to the likelihood of flooding or improper drainage or due to rock formations, topography, utility easements or other characteristics rendering the proposed development harmful to the safety, health and general welfare of the citizens of the county, whether the proposed development makes accommodations for such characteristics such that the health, safety and welfare of the county is not unduly impacted;
 - (vi) Whether proposed roads provide safe, convenient and functional system for vehicular, pedestrian and bicycle circulation and are otherwise consistent with the Comprehensive Plan and Master Transportation Plan.
- (G) **Board of Commissioner Decision.** Board of Commissioner approval of a rezoning application shall be in the form of a resolution. Approvals of conditional use permits and sketch plat applications shall be documented in a letter sent out by the department. Granting approval does not ensure the availability of utilities or other infrastructure in connection with development of the site.

- (H) **Application for Land Disturbance Permit or Building Permit.** Rezoning, conditional use permit and sketch plat applications approved by the Board of Commissioners are eligible to continue with the development process by applying for the appropriate land disturbance permit or building permit provided that all subsequent submittals are in conformance with the approved Board of Commissioner’s decision and all requirements identified in this Code as well as other county, state and federal requirements, as applicable.
- (I) **County Initiated Zoning When No Land Disturbance Permit Application.** Any approved rezoning of property, to include approval of a conditional use permit, where there has been no application for land disturbance permit submitted within eighteen months from the date of zoning approval shall result in a notice being delivered to the owner and the zoning applicant, if different, advising that a County-initiated rezoning to a constitutional zoning designation for the subject property may occur if no land disturbance permit application is tendered within thirty days of said notice. This eighteen month time period may be increased by the Director up to a maximum of five (5) years for projects over ten (10) acres within an industrial zoning district, upon a showing that development of the site is progressing at a reasonable pace in light of the existing physical and economic conditions as well as the complexity of the project. Upon no land disturbance permit application being tendered within the timelines set forth in this paragraph, the property shall be placed upon a Board agenda for consideration of a County-initiated rezoning. Nothing contained within this paragraph shall impair or otherwise limit the Board’s authority to initiate a rezoning of property at any time subject only to vested right considerations. For purposes of this paragraph, an application for a land disturbance permit shall mean a complete application for a permit identified in Chapter 7, 7-1.1 through 7-1.7 submitted to the Department with the appropriate fee paid.

ARTICLE VI, VARIANCES:

8-6.1 **Purpose and Intent.** It is the intent of this article to specify provisions for the filing and consideration of applications for variances.

8-6.2 **When Required.** A variance, as defined by this Code, shall only be granted for those requirements of this Code described herein or expressly authorized elsewhere in this Code; however, variances shall not be granted for the purpose of permitting a use which is not permitted in the zoning district in which the subject property is located. Requirements of this Code that may be varied are as follows:

- (A) Performance standards specified for any of the various zoning districts, including buffer requirements and setbacks and any land development regulations specified for any of the various zoning districts, but specifically excluding minimum lot size or maximum density requirements. The Board of Commissioners, however, may grant a lot size variance if in addition to the criteria found in 8-6.4(C)(4)(a), the Board of Commissioners' determines: the variance does not exceed ten percent (10%) of the total lot size required for a given zoning district, except if the parcel is contiguous to property owned by the US Army Corps of Engineers, in which case the variance may not exceed twenty-five percent (25%) of the total lot size. In all cases, a lot size variance under this provision may only be granted for one (1) lot in a platted subdivision.
- (B) The dimensional and numerical requirements of Chapter Ten, "General Provisions, and Nonconforming Situations."
- (C) The dimensional and numerical requirements of Chapter Sixteen, "Supplementary Regulations for Specific Uses."
- (D) The dimensional and numerical requirements of Chapter Seventeen, "Parking and Loading Regulations."
- (E) The dimensional and numerical requirements of Chapter Eighteen, "Subdivisions and Land Development."
- (F) The dimensional and numerical requirements of Chapter Nineteen, "Conservation Subdivisions."
- (G) The requirements of Chapter Twenty (B), "Specialty Districts."
- (H) The dimensional and numerical requirements established in Chapter Twenty-One, "Overlay Districts," but specifically excluding the variance of any provisions regarding permitted or prohibited uses.
- (I) The Board of Commissioners may grant a variance for standard dust free pavements as referenced in 17-5.3.

8-6.3 **Application Requirements.** All applications for variances, as defined by this Code shall provide the information as specified in this section.

- (A) **Requirements for All Applications.** All applications for variances shall provide the appropriate information as specified in sections 8-2.1 (A) through (G) of this Chapter. When more than one variance is simultaneously requested, the applicant shall pay a separate variance application fee for each article of this Code that is requested to be varied, but the applicant may file a multiple variance request as one consolidated application for Board consideration so long as each variance requested is individually justified according to the criteria for granting variances as specified in this article.

- (1) **Site Plan.** All site plans submitted for variances shall be submitted in conformance with 8-2.1(E). For variance applications, the site plan shall clearly delineate and label the requested variance(s). Applications for variances that involve proposed modifications to a site plan that was already approved by one of the three boards in conformance with the Chapter, shall only include changes to the new site plan that directly relate to the variance being requested and shall not include any new site plan details which are not related to the variance being requested. Depending on the scope of changes, the director may require the applicant to also submit a sketch plat application.

- (B) **Written Evaluation.** The applicant for a variance shall submit documentation justifying the variance and explaining why it should be granted. The justification must specifically address, for each variance requested, the criteria for granting variances as specified in this article.

8-6.4 **Procedures.** Applications for variances shall comply with the following procedures.

ARTICLE XI, MOBILE VENDING APPLICATIONS:

8-11.1 **Purpose and Intent.** It is the intent of this article to specify provisions for the filing and consideration of applications to allow mobile vending activity on parcels of land permitted for such use as prescribed by this code. 8-11.4 **Procedures.** All applications to allow mobile vending activities shall comply with the following procedures:

- (A) **Application for Board Consideration.** Applicants shall submit to the department an Application for Board consideration. The submittal shall be in conformance with the provisions set forth in this article. All applications determined complete by the department shall be subject to the following restrictions:
