Community Updates

Park Openings – Various Parks and Recreation facilities have reopened. Please see the press release [here](#) for more information.

Census Update – Have you completed your 2020 Census form? Go to <https://www.2020census.gov/> for more information and to complete your information.

Northeast Water Reclamation Facility Update – Here is an update from Deputy County Manager Tim Merritt on the Northeast Water Reclamation Facility: Staff, working with Constantine Engineering as the county's consultant, compared 2 sites - one on the eastern end of Jot-em Down Road (Site A) and the other near the intersection of SR306 and Shadburn Road (Site B). These 2 locations are about 5 mile apart by road but only about 3 miles as the crow flies. In general the both sites are large enough for our needs and will require about the same cost of the collection system (pumps, pipes, etc.) but Site A has a lower expected cost for a effluent pipe to the lake while Site B has a lower acquisition cost. In summary, there were two factors that tipped the scale in favor of Site B - the total estimated cost is about \$1 million less than Site A largely due to a lower acquisition cost and Georgia EPD has provided preliminary approval in the form of a waste load allocation for a effluent discharge into the lake tied to this site. One additional benefit is Site B will immediately have a large industrial customer that will generate revenue to repay the cost to build and operate the facility.

With the Board of Commissioner's knowledge and support, all staff's efforts are focused solely on acquiring land and designing a water reclamation facility to be located near the intersection of Shadburn Road and SR306 (Keith Bridge Road).

Upcoming Voting Information – June 9 is the General Primary, the NonPartisan General Election, and the Presidential Preference Primary. The last chance to early vote will be June 1 – 5.

Please find more information [here](#).
